The Gossard corset at Fitts'. Come to Vaughan's for wash goods. Squeezing silks without tickets at Abbott's. Children's fur sets one-half price at Knight's. Pass our bargain tables and you pass an opportunity to save money. Tilden Shoe Co.

An investigator for the Rae detective agency of Boston was a visitor in the city yesterday. You can never hope to get shoes for nothing, but our bargain tables get you as near to it as possible. Tilden Shoe Co.

Mrs. E. M. Tayntor of Merchant street has returned home, after spending several days with relatives in Erie, Pa., and other cities in that vicinity.

Buy scratch feed, wheat, oyster shells, ground bone, beef scraps, dry mash for your hens at the Kempton Mills, formerly Averill mills. Tel. 367-M. Prompt delivery.

Clifford Peake of Pearl street, who is taking a few days' vacation from his duties in the Ross barber shop on Depot square, went yesterday to Underhill Center, where he will spend a week with his sister.

Mrs. H. F. Andrews and son, Stewart Andrews, who have been spending a few weeks in Barre as the guests of Mr. and Mrs. J. W. Vaughan of Maple Grove, left this morning for their home in Syracuse, N. Y.

Painters and artisans are making extensive improvements to the interior of the Granite Savings bank. The work was started yesterday and before it is completed, the walls will be newly kalsomined and a fresh coat of enamel will be applied to the steel ceiling.

Wrestling fans in Barre Town are looking forward to Feb. 26 as the day when one of the best mills of the season is to be pulled off at Graniteville. Negotiations were completed yesterday for a match between "Goose" Alexander of Graniteville and "Red" Jamieson of East Barre. Both are amateurs of calibre and supporters of each are predicting a battle royal. A few nights ago Alexander won his spurs from Young Whitney, the Williamstown marvel, who followed up his defeat in Graniteville by tackling Cyclone Mitchell of Baltimore on the opera house mat in this city. Both Jamieson and Alexander have started to condition themselves for the coming bout and each is confident of getting his stride before the mill is started. There will be a number of preliminaries and Officer Ed. L. McLeod of the local police force has been selected to act as referee.

The teachers and the superintendents of the city schools are making a special effort to entertain a large number of parents at the sessions Wednesday afternoon. Wednesday will be visitors' day no more than any other day of the school week is set aside for callers, but nevertheless it is hoped that many parents and friends of the school system will avail themselves of special invitations sent out by the teachers. The invitations were written by the students and in many instances they have been decorated attractively by the drawing students. Each invitation contains the school schedule for the day, giving the hour when each class is to recite. There will not be a special program. The desire to see parents and friends of the school visiting the sessions Wednesday is part of a movement which is aimed to bring the parents and teachers into closer relations throughout the school year.

Mr. and Mrs. Albert Gale of Albion, Mich., who together figure as one of the attractions of the eastern lyceum bureau, were visitors in the city to-day while on their way to North Montpelier, where they are to give a Japanese costume lecture in the village entertainment course this evening. Mr. Gale's grandfather, George H. Gale, was a native of Barre, and was one of the prominent citizens of the old town of Barre. His father, Augustus J. Gale, whose home was also in Barre, was the well known inventor of the Gale chilled plow. Mr. and Mrs. Albert Gale paid their first visit to Barre to-day. In their costume lectures they have been eminently successful, with a repertoire that calls for Japanese, Indian and Chinese settings. They will return to-morrow to Boston.

### Pinklets Really Do Correct Constipation

There are few persons who do not suffer more or less from constipation and because of the discomfort it causes and the ill-health that results from this condition everyone should know how to properly correct it.

Harsh purgatives, formerly much used, act violently and leave the constipation worse than before. Pinklets correct this unnatural and dangerous condition by gently assisting the sluggish bowels and torpid liver to regain their normal activity. Their action is gentle, but effective and thorough, and they do not cause a single gripe. Unlike strong purgatives, Pinklets do not upset the stomach nor irritate and over-stimulate the bowels. Because they have none of these evil effects, they can be taken with entire safety until the constipation is corrected. To simply regulate the bowels or to treat obstinate cases of constipation, Pinklets are the ideal laxative. They are safe for every member of the family to use. Any druggist can supply you at 25 cents per bottle. Write to the Dr. Williams Medicine Co., Schenectady, N. Y., for a Pinklet book which tells all about the cause, symptoms and treatment of constipation and sick headache.

## A General Survey

The woman who cannot find a becoming shape, color, texture and adornment for her hat will this year be unknown. Never before have we found such variety in the markets as we saw there last week.

There are exaggerated and out-of-the-question styles, and there are the simplest and most discreet ones.

Fashion no longer says, "You must," but "You may."
